IRRIGATION SYSTEM

- Complete Application for Building Permit
- Permit Fee \$155.00

When installing a new irrigation system on your lands, the Building Department requires that a permit be obtained. The purpose of the permit is to ensure that a backflow preventer is installed by you or your contractor.

Please be reminded that no components of the irrigation system are to be installed within any municipal right of way.

Following issuance of the permit and completion of your project, please contact the Building Department to arrange for a FINAL inspection by either scheduling through the portal below or by contacting the Building Department at 705-429-1120.

WE ARE NOW DIGITAL!

Registered users with the Town of Wasaga Beach's CityView portal can now submit building applications, pay for a building permit and request building permit inspections.

To use the portal you will be required to create an account and register.

Access the portal or create an account using the link below:
